 Butwal, Nepal

Summary

I am a final year Electronics, Communication, and Information Engineering student at Pashchimanchal Campus, Pokhara, Nepal, with a passion for UI/UX design. I love creating user-friendly designs and have been doing graphics design for 1.5 years. Additionally, I am skilled in frontend development. Currently, I work as an IT Specialist at Pokhara Theatre, where I handle website management and design graphics for the theatre.

Experience

- **IT Specialist**
Pokhara Theatre
Aug 2023 - Present
As an IT Specialist at Pokhara Theatre, I manage the theatre's website and create captivating graphics for various dramas. Through my role, I ensure an engaging online presence for the theatre, enhancing its digital footprint and enriching the audience's experience.
- **Freelance Graphic Designer**
Damsale Technologies
Jun 2023 - Feb 2024
As a Freelance Graphics Designer at Damsale Technologies, I created logos, brochures, business cards, letterheads, and more for various companies.

Education

- **Pashchimanchal Campus**
Bachelor's degree, Electronics, Communication and Information Engineering
May 2021 - Present
- **Kalika Manavgyan Secondary School**
High School, Technical Science- Computer Engineering
Mar 2019 - Mar 2021
GPA: 3.76/4

Licenses & Certifications

Skills

C, C++, JavaScript, HTML, CSS, ReactJs, TailwindCSS, WordPress, Adobe Illustrator, Figma, UX Design, UX Research, LaTeX

Volunteering Experience

- **Microsoft Learn Student Ambassador**
Microsoft
Jul 2023 - Present
- **Executive Committee Member**
Innovative Computer Engineering Students' Society
Mar 2022 - Present

Honors & Awards

- **BIC Hackathon V 3.0 - Winner**
Boston International College, Dec 2023
Alongside my teammates, I developed a product called SubhaYatra, which proved to be a winning project in a hackathon. SubhaYatra was designed to assist tourists in exploring various destinations by providing historical insights, information on local events, and showcasing local products unique to each place. Additionally, the platform featured a language translation functionality aimed at breaking down language barriers for travelers.
- **NESS Digital Poster Design Competition - Winner**
Nepal Engineering Students' Society, Feb 2022
I participated in a Digital Poster Design Competition organized by the Nepal Engineering Students' Society, focusing on the theme of 'Covid-19 Awareness and Positivity.' I am proud to have secured the first position with my poster design, which effectively conveyed messages of awareness and positivity during the challenging times of the pandemic.
